

Freedom of Information Act request

Your e-mail requesting certain information using Freedom of Information Act 2000 legislation has been safely received in this office.

You specifically asked:

1. "What is the current number of staff who use a PC or a laptop within your organisation?"
2. What are the current Microsoft software licences (server and desktop) that you are using?
3. What is your annual IT spend on Microsoft licences?
4. Has your organisation moved, or is planning to move, to the Cloud in the next 12 months?
5. Are you due to undertake a review of your software estate in the next 12 months?
6. What is the name of the decision maker for IT spend in your organisation?"

In response, I can confirm that 42 people currently use either a PC or laptop on behalf of this organisation.

I would suggest that you contact West Midlands Police in regard to your questions relating to software licences and IT as that information is not held in this office.
