

### **Freedom of Information Act request**

I write in response to your e-mail of 20 August 2017 in which you ask that I review my decision conveyed to you on 10 August 2017 concerning your FOI request for information about workplace bullying.

I have given your request careful consideration.

The information is as follows: Since August 2014, the number of recorded incidents of workplace bullying in the West Midlands Office of the Police and Crime Commissioner is zero (0). One (1) complaint that could reasonably be construed as relating to an allegation of workplace bullying has been received, but this was not upheld.

Please consider this a full and final response to your request.

Yours sincerely
