AGENDA ITEM 3

Strategic Policing and Crime Board

28th March 2023

Questions from members of the public

1. One of our PCC's stated objectives is to ensure "road danger reduction and deliver a safe and secure road network" including an intention to "prioritise reductions in speeding and nuisance driving".

How is the board supporting him in holding West Midlands Police to account on this and setting the strategic direction of the force, and, what steps is the PCC undertaking with partners from across the public sector to ensure "a road network that is denied to criminal use such as speeding and road racing"?

(To be asked by Clare McArthur)

2. Can the Police and Crime Commissioner explain how he will reach his target of 450 new neighbourhood police officers by 2025, when the police uplift from which those 450 officers are coming from ends in May and only 256 have been hired.

(To be asked by Sandra Collins)
